EDUCATION

•**Bachelor of Technology in Computer Science and Engineering** *2023-27*
National Institute of Technology Patna CGPA: 8.7

PERSONAL PROJECTS

•**AxisTrips** ⟳ *June 2025*
A hotel booking web app

- Implemented MVC architecture for modular design and scalability.
- Built dynamic front-end rendering using EJS templating; added secure session management with Express-session and Connect-flash for authentication and user feedback.
- Technology Used: Node.js, Express.js, MongoDB, HTML, CSS, JavaScript.

• **Mess Mate** ⟳ *March 2024*
Mess management web platform

- Contributed to designing the user interface (UI) and implementing the frontend of the website.
- Developed Mess-Mate, a digital platform that streamlined mess bookkeeping, improving convenience for both students and mess administrators.
- Technology Used: HTML5, CSS3, JavaScript, Firebase

• **BookMood** ⟳ *June 2025*
Party Rock app using AWS

- Created a generative AI book recommendation chatbot using AWS PartyRock.
- Suggested personalized books based on user's age, genre preferences, and favorite titles, showcasing LLM prototyping and prompt engineering.

EXPERIENCE

• **GirlScript Summer of Code** *July 2025-present*
Open Source Contribution
- Contributed to the frontend of a travel booking system.
- Currently contributing to ClassSync, improving UI features and user workflows.

CERTIFICATIONS

•**Udacity**, Introduction to Generative AI using AWS *June 2025*

•**AWS**, Machine learning foundation *June 2025*

•**Navgurukul**, Completed 10 Months Bootcamp of DSA. *June 2025*

ACHIEVEMENTS

•**Adobe GenAI Hackathon Finalist**   Selected among the Top 102 teams across India.

TECHNICAL SKILLS AND INTERESTS

Languages: Java, Python, JavaScript
Tools:VScode, Git, Github
Technologies: HTML, CSS, Tailwind CSS, nodejs, expressjs, mongoDB, REactJs, Next JS, SQL
Coursework: Machine Learning, Artificial Intelligence, Data Structures and Algorithms, Operating Systems, Object Oriented Programming, Database Management System, Computer Networks.
Areas of Interest: Web Design and Development
Soft Skills: Communication, Problem Solving, Self-learning, Presentation

POSITIONS OF RESPONSIBILITY

•**Class Representative** CSE, NITP *Jan 2025-present*

•**Member Web and Design team** HackSlash Developers Club *March 2024-present*
